

## **International Equities Proxy Voting Record**

January – June 2021

### **Introduction.**

Hostplus' Responsible Investment Policy ("Policy") contains provisions for proxy voting activities related to our Australian and international equity holdings.

In relation to Hostplus' Australian equities held in discrete mandates (i.e. directly-held in the name of Hostplus), Hostplus subscribes to the Australian Council of Superannuation Investors' (ACSI) proxy voting alert service which provides analysis of and recommendations for voting. ACSI's voting recommendations are underpinned by its Governance Guidelines, which as an ACSI member, Hostplus helped create and regularly reviews. As well as recommendations from ACSI, Hostplus also seeks voting recommendations from our investment managers, especially for contentious issues. Where recommendations differ, the final decision is made by the CIO based on Hostplus' key engagement and voting principles.

Directly-held international equity holdings are typically voted in line with the recommendations of an external proxy advisor Hermes EOS. Hostplus periodically reviews the policy principles on which these recommendations are made and their alignment with Hostplus' key engagement and voting principles.

Hostplus has discretion to override any voting recommendations (for directly-held Australian and international equity holdings) where that action is considered to be in our members' best financial interests.
