Under the Superannuation Industry (Supervision) Act 1993, Hostplus is authorised to collect, use and disclose your tax file number (TFN). Hostplus may disclose your TFN to another superannuation provider when your benefits are being transferred, unless you request in writing that your TFN not be disclosed to any other superannuation provider. Declining to quote your TFN to Hostplus is not an offence. However, giving your TFN to Hostplus will have the following advantages: 1) Hostplus will be able to accept all permitted types of contributions to your account/s; 2) other than the tax that may ordinarily apply, you will not pay more tax than you need to - this affects both contributions to your superannuation and benefit payments when you start drawing down your superannuation benefits; and 3) it will make it much easier to find different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.
